

Monthly Prophet

Headmaster Address

Hello Students,

We have had a successful reign thus far. I'm very happy with the turnouts we have had along with the excitement that everyone has shown. I have a list of the points for each house for the month of March. Remember, we've just started the reign, so you have plenty of time to earn points. These points do not include travel as I have not received copies of the sign ins.

Gryffindor - 110

Point leaders - True That and Shadowcaster

Ravenclaw - 160

Point leaders - Alucard and Amatiel-Cass

Hufflepuff - 90

Point leader - Morrigan

Slytherin - 145

Point Leader - Balder

As you can see, making things and role playing are huge point earners for your house. Next month, the winning house will get a prize. Will it be your house? Bring out friends, make some stuff, role play it up, and have fun!

From the Prime Minister

Greetings!

I just wanted to thank Amatiel for putting the sign-in sheet out for me each week since she is so much better at being on-time than I am.

Also, remember that if I can't read your name, I can't give you a credit. Please make sure that you sign in legibly so that I can enter your credit for you.

The bank account is at \$1559.

Stay safe and have fun!

Regent Address

Dear students, teachers, and friends:

I am so excited by the amazing themed items that you are making. Your talent is inspiring.

I encourage all of you to continue with your efforts. More importantly, I would love for you to teach our newer members how to create awesome. Show off your stuff! Don't forget that teaching garners points for your House.

It made my heart proud to see your themed items entered at Kingdom Crown Qualifications, because they were breath-taking. Thank you Alucard, Lila, Shayleigh, and Styxx for entering your items and for representing us well in the Crown Lands. Thanks also to Balder and Belthil for making the trip to represent us with honor in the War Events.

It is now April, and we have less than two months until Dragonmaster. We have much more to do. Remember, top placers will garner points for their respective Houses.

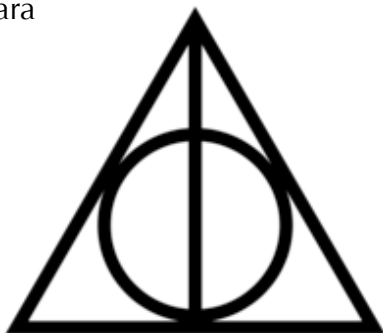

At our next Arts & Sciences, I am asking those that have made any kind of item this reign to "Show and Tell" their creations. I am calling upon you Wand Makers, Leather Toolers, and Garbers to spread your magic to others.

Additionally, please contact me if you are interested in teaching any kind of class for Arts & Sciences. If you prefer a different venue, please give me advanced notice so that I can post it to the Facebook list.

Thank you all again for your help so far this reign. I appreciate you and your energy.

With the utmost love and best regards,

Regent Dru-Kara

Champion Address

Hi, this is Amatiel-Cassandra, your current Champion, and Head of Ravenclaw during this so-far awesome reign.

Firstly, thank you all for your excitement in having me be an officer of the Duchy and for always reminding me of my position. Secondly, I, like all the previous Champions, do have goals that I wish to accomplish, as well as obligations that can be completed as well. One of these goals is that we have more creative weapons on the field and I believe that we as a Duchy can not only come together and be a creative park, but a safe park as well. This goal, though, can only be realized by working together, and not by giving rude comments, or bringing down the work of others.

For those who are new to this park, I am very proud of all the first tries I have been presented with, and also all the questions that have been asked. I know we have skilled fighters and crafters in our park, but the truth is, we all started somewhere. Keep up the good work. I also am impressed with the amount of players who have been attempting to not use the loaner bag, which allows us to have more weapons ready if newcomers wish to try out our game and become returning players. Thank you to all the people who understand the idea of the loaner bag. I hope to see good growth in our park as the reign continues. That is all, go have fun with your sword fighting.
